

LEED Green Associate / Associate IIDA Member

PROFILE

All design should tell a story. Whether establishing/maintaining a corporate brand, preserving the character of a historic building, or by conveying a particular feeling in a space. My passion is to find that story. It can be found in new construction's clean slate, or in maintaining the authenticity, and integrity of original construction. All stories should have a happy ending and all spaces should be a beautiful inviting environment.

EDUCATION

Bachelor of Arts - Interior design
The Art Institute of Salt Lake City

WORK HISTORY

Retail Store Design - Cariloha/Del Sol, Sandy, UT 2020-
I played a prominent roll in development of the over all look and feel of all stores, both national and International. Also helped develop working displays and assets for our wholesale devision

Exhibit Designer - Insight Exhibits, Salt Lake City, UT 2019-2020
I collaborate with sales teams to develop design concepts that meet our client's wants, needs, and budget. Projects include everything from trade show booths, office branding, and museum displays.

Interior Designer/ Materials Librarian - FFKR Architects Salt Lake City, Utah 2017-2019
I was a Jr. Designer in the Religious Studio working on projects both local, national, and international. I also managed the materials library, which consisted of coordinating and maintaining vendor relationships and appointments. While there I had exposure to hospitality and tenant improvement projects.

Major Sales/Merchandising - Costco Wholesale Sandy, UT 2006-2017
Starting as a cart pusher, which led to a position as a Backup Cashier. Which let to a promotion to the position of a Morning Merchandiser/Major Sales. Where I assisted Members with electronics questions as well as offering suggestions to fit their lifestyle and space.

Design Assistant Intern- Roxbury Studios, Salt Lake City 2015-2016
Maintain the materials library, assisted in design decisions and preparation of construction documents.
